Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	EHC has a person-centred approach to all the individuals we su pport. Keeping service users informed: We communicate any c hanges to the service directly to the individual and/or their repr esentative. We have recently produced a new document for ind ividuals summarising our Service User Guide and Statement of Purpose. Compliments and complaints processes: Individuals a re encouraged to use our processes for passing on compliment s and making complaints. We have a policy on investigating an d replying to all complaints in line with statutory requirements a nd we have a 100% achievement rate in meeting the required ti mescales.
	Our customer forums allow our individuals to discuss what is im portant to them and arrange events and days out. Individuals a nd their family's complete questionnaires to give feedback.
	We have a range of strategies in place to ensure that people fe el their voices are heard and that they have choice about their care and support and the opportunities available to them. This helps to ensure that outcomes that individuals would like are ac hieved. We will continue to improve systems and procedures to ensure that individuals and staff are the key focus of our organi sation
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development	We encourage all our individuals outside into the community, d epending on the level of support required, this could be with sta ff, family, friends or by themselves.
and behavioural development.	All individuals have a yearly health check, are supported by sta ff to attend any appointments with the GP or other professional s that are involved. Staff monitor each individual to ensure they have no health and wellbeing concerns or issues, if so, they ar e addressed at the earliest convenience.
	Staff use the individuals 1-1 support to encourage and develop intellectual, social and behavioural development. All staff are tr ained in how to manage and support the individuals happiness, lifestyle and health. All staff are trained and supported in seeki ng advice and appointments when needed for the individuals. A t EHC our core values are Caring, Happiness, Integrity, Pride a nd Learning. EHC is dedicated to ensuring we uphold these val ues day in and day out.

The extent to which people feel safe and protected from abuse and neglect.	All staff are trained in safeguarding, health and safety and envi ronmental issues. Policies on whistleblowing, safeguarding of v ulnerable adults, code of conduct, performance and review, acc idents and emergency reporting, anti-harassment and bullying policy, health and safety, equal opportunities, bullying and hara ssment are easily assessable by the whole team and our review ed yearly within the company. Safeguarding is an item discusse d at each supervision session and team meeting for all staff an d the weekly Ops management meeting. All staff must read and sign our EHC policy handbook before st arting with the company and complete all their training before th ey lone work. EHC works closely with our local safeguarding tea m and management will complete MARFS if required. Management complete spot checks and quality audits to ensur e no abuse or neglect is happening and all service users are s afe.
	Individuals and their family's complete questionnaires to give fe edback.
